

# Fall Session 2019-2020: Lunch and After School Activities

Time	Monday	Tuesday	Wednesday	Thursday	Friday
<b>Lunch</b> <b>11:55 - 12: 35</b> <b>Gr. 1 - 5</b>	<b>Ukelele Level 1 (Grades 2-5)</b> Our Ukelele programs help children develop a love of playing music and singing. Students learn basic chords and finger patterns, as well as full songs and tunes. Individual and group sing-alongs, as well as performances, round out a fun-filled program that will surely make an impact. Beyond the pure fun, learning an instrument requires patience and diligence, and a belief in one's ability to do something new, or do something much better, with practice. We therefore focus on the learning process itself, on building self-confidence through achievement, and through the development of motor skills, memorization, and performance.	<b>Chess Club (Grades 1-5)</b> This is a program for everyone – from beginners to the most advanced. Whatever your level, come join the fun! Students are separated into their respective groups based on chess abilities and given level-specific instruction every class, followed by tournament play where points are earned not just for games, but also for solving difficult riddles and applying what has been learned. Students come away with not only a much stronger command of the game, but also see their problem-solving skills, goal-setting, and focus put to the test. The tournament setting provides a great opportunity to teach good sportsmanship, tenacity, and never giving up.		<b>LEGO Building (Grades 1-5)</b> This popular LEGO® program sees kids working in small groups to create different structures every week. We give them the theme and parameters, followed by a brainstorming session, and then let their imaginations take it from there. Our LEGO® program is a fantastic way for kids to develop their fine motor skills, to work with their hands, to problem solve, to be creative, and to work well with others as they create the ultimate 3D structures. We are always surprised and impressed each and every term with what kids can do, and you will be as well!	<b>Junior Robotics (Grades 4-5)</b> Extra Ed's Level 1 Junior/Senior LEGO Robotics program is a fantastic introduction to the world of robotics that will instantly see your children excited about STEM. Using a tablet and the EV3 Mindstorms kits, they will learn how to build, program, and code while designing different and increasingly complex robots every week. Students will especially be taught the most important aspects of coding, including debugging and repair, writing in small, precisely calculated steps, and repeatedly testing. Beyond the fun, there are a host of wonderful benefits that come with this program, including the development of logical reasoning and problem solving skills, digital literacy, and the practical application of mathematical measurements and scientific methodology.
<b>After School</b> <b>3:30 – 4:30</b> <b>Gr. 1 - 5</b>	<b>Yoga Dance Flow (Grades 4-5)</b> Flow into beautiful movement in Yoga Dance Flow this term. In this program, we will combine the asanas, of yoga with the movement, creativity, and rhythm of contemporary dance. Through individual exercise, choreography and partner or small group activities, students will develop artistry in movement. Students will learn how dance and yoga compliment each other as they flow into mindful movement each week. Join us and find the inner dancer, artist, and yogi in.	<b>Zodiactors Musiscal Theatre (Grades 1-5)</b> Always wanted to be in a musical? Join Zodiactors for our Fall session. Zodiactors is a musical theatre program in your school. Learn to sing, dance, act and perform in a professional musical on stage! This sessions musical is <b>A Whole New World!</b> Zodiactors runs every Tuesday at Oriole Park from 3:30-5:00pm beginning October 1, 2019. To register or for more info: <a href="http://WWW.ZODIACKIDS.CA">WWW.ZODIACKIDS.CA</a>   <a href="mailto:INFO@ZODIACTORS.CA">INFO@ZODIACTORS.CA</a>   416-901-2914	<b>Soccer Program (Grades 1-5)</b> North York Academy is excited to return to Oriole Park PS this fall for our third season. Last season was very successful with many athletes developing a love for the game and continuing with soccer after the school program ended. At North York Academy our goal is to provide outstanding programs that are not only engaging and fun, but also inspire young soccer players to develop their skills, problem solve and persevere to overcome challenges. These traits are an asset both on and off the field.	<b>Tennis Program (Grades 1-3)</b> TenTen Kids Sports exciting Tennis Program offers kids an active and energetic program. The program has been specially selected, allowing for well-rounded sporting exposure, physical development, and loads of fun. The Tennis program helps children with: Improved hand eye coordination, cardiovascular exercise, improved agility, life-long skills, improved concentration, and self-esteem.	<b>Junior Musical Theatre (Grades 1-3)</b> Are you the next Oliver or Dorothy; Cinderella or Aladdin; or maybe Nala of Lion King fame? If you have Broadway aspirations - there's no time like the present to start honing those skills! In Junior Musical Theatre, no prior singing or acting experience is required as we begin to learn the fundamentals of Musical Theatre. Students will explore songs of various genres while enhancing performance skills in the areas of dance and acting. This program will give you the tools you need to reach for the stars!
	<b>Primary Robotics (Grades 1-3)</b> Extra Ed's Level 1 Primary LEGO® Robotics program is a fantastic introduction to the world of robotics that will instantly see your children excited about STEM. Using a tablet and the WeDo 2.0 kits, they will learn how to build, program, and code while designing different and increasingly complex robots every week. Students will especially be challenged to think ahead and to identify and repair inaccuracies in their codes and designs as they "bring objects to life." Did we also mention that it's a lot of fun				<b>On Broadway (Grades 4-5)</b> Do you have what it takes to be the next lead in The Phantom of the Opera, Annie, or the Sound of Music? If you have Broadway aspirations - there's no time like the present to start honing those talents! In this engaging program, students will learn the fundamentals of musical theatre. Students will explore songs from classic Broadway musicals while enhancing performance skills in the areas of dance and acting, while working as a team and developing confidence. On Broadway will give you the tools you need to achieve your Broadway dreams!

## Fall Session 2019-2020: Lunch and After School Activities

<p><b>After School 3:15 – 4:15 Kindergarten</b></p>	<p><b>Yoga Dance Party (JK-SK)</b> Bend, stretch, jump and jive in Yoga Dance Party! In this program, we will combine the postures, of yoga with the movement, creativity, and rhythm of dance. Through yoga flows, choreography, and team games, students will develop gross motor skills and artistry. Students will learn how dance and yoga compliment each other as they create mindful and meaningful movement each week. Join us and find the inner dancer and yogi in you!</p>	<p><b>Kindergarten Chess</b> Think your kids are too young to learn chess? Think again! Our very popular kindergarten-only chess clubs see children introduced to the game, the pieces, the board and board patterns. Critical thinking, memory, and problem solving skills are especially put to the test – all in an atmosphere of fun, games, and good sportsmanship.</p>	<p><b>LEGO Building</b> This popular LEGO® program sees kids working in small groups to create different structures every week. We give them the theme and parameters, followed by a brainstorming session, and then let their imaginations take it from there. Our LEGO® program is a fantastic way for kids to develop their fine motor skills, to work with their hands, to problem solve, to be creative, and to work well with others as they create the ultimate 3D structures. We are always surprised and impressed each and every term with what kids can do, and you will be as well!</p>	<p><b>Soccer Program (JK-SK)</b> North York Academy is excited to return to Oriole Park PS this fall for our third season.
