Information Session for Year 1 Students and their parents/caregivers

October 12, 2023

Organizing is what you do before you do something, so that when you do it, it is not all mixed up A. Milne (Winnie-the-Pooh)

ABSENCES

ANY TYPE OF ADVANCED SCHEDULED/PLANNED ABSENCES MUST BE DISCUSSED WITH THE SUBJECT TEACHER AND COORDINATOR

IB Diploma Courses

All DP Courses extend over the 2 year programme

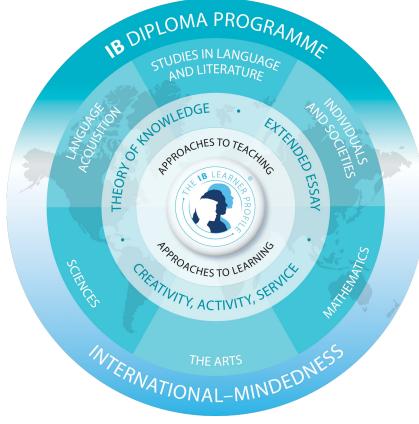

SL courses are enriched Ontario Grade 11 & 12 courses

(IB recommends ~150 hours over two years; PCI ~220 hours)

HL courses are University level courses

- (IB recommends ~240 hours over two years; PCI ~330 hours)
- HL Courses may be transferred as first year university credits if students achieve Level 5 or more on their official IB examinations

IB Diploma Program (DP) Overview

The IB Diploma includes

The Core:

- Theory of Knowledge (TOK)
- Extended Essay (EE)
- Creativity, Activity and Service (CAS)

Group Subjects

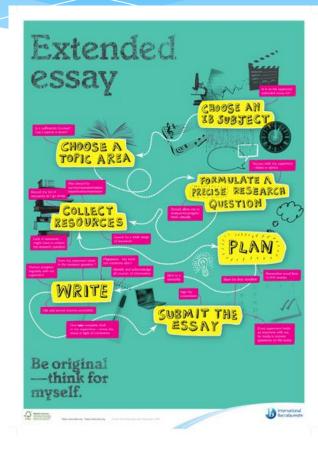

- 3 Standard Level (SL) courses
- 3 Higher Level (HL) courses

The Core: Extended Essay (EE) details

- * It is a compulsory requirement for all IB DP students.
- * Requires approximately 40 hours of work by the student
- * It will be externally assessed
- * May contribute up to three points to the total score for the IB Diploma in combination with the TOK component

Extended Essay: Roles & Responsibilities of Students

- Read and understand the EE Student Handbook, EE Guide, and all details relevant to the chosen subject.
- Abide by the dates outlined in this handbook and on our Google Classroom + Managebac.
- Initiate meetings and work cooperatively with Extended Essay supervisor.
- Understand and abide by the IB & school policies about academic integrity.

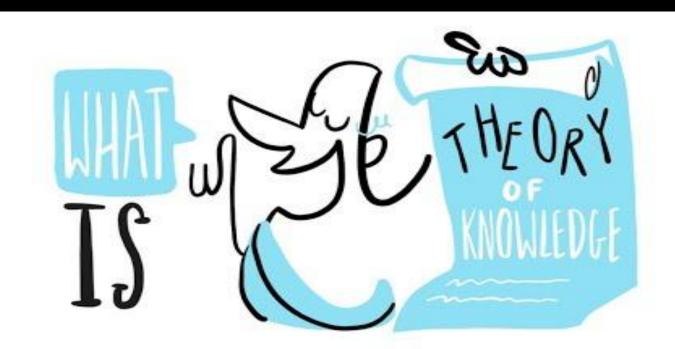

The Core: Theory of Knowledge (TOK)

- TOK is about critical thinking and inquiring into the process of knowing rather than learning about a specific body of knowledge.
- The TOK course in year one focuses on the construction of reasoned arguments paying attention to the interpretation and evaluation of evidence.

What is TOK?

The Structure of TOK

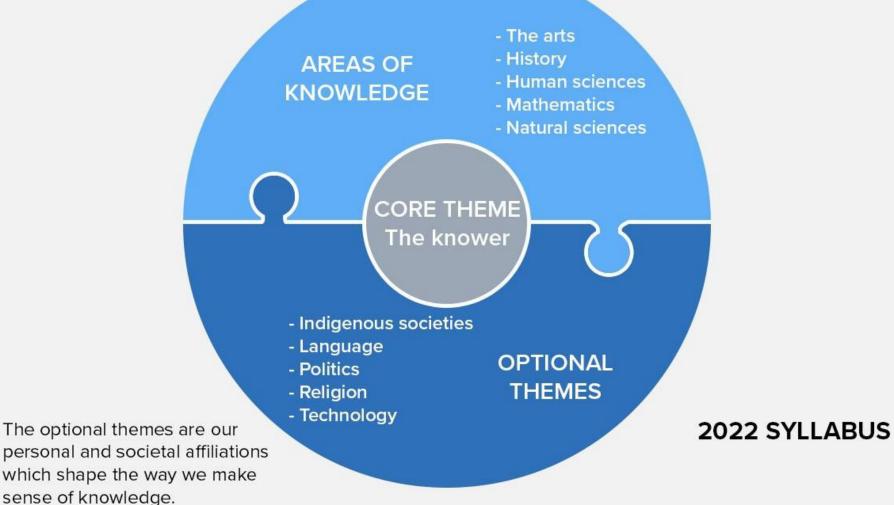

The TOK course is divided into three different elements: the 'core theme', the 'optional themes', and the areas of knowledge.

Each aspect of TOK has multiple links to other parts of the course; no aspect of TOK should be considered in isolation.

The next slide will clarify the role each element plays in the course.

THEORY OF KNOWLEDGE

The areas of knowledge are the ways in which we categorize ideas and concepts in order to understand and take ownership of them.

Assessment of the Theory of Knowledge

TOK Assessment 1: The Exhibition

Students design and deliver the TOK exhibition at the end of DP1

- Exhibitions are based on an IA prompt, which is explored by presenting three 'objects', linked to either the core, or one of the optional themes
- Students write a 950-word commentary explaining their choice of objects, and linking them to the prompt
- The aim of the exhibition is to show how TOK concepts manifest themselves in the real world
- Schools are encourage to hold a 'TOK exhibition day', in which students publically present their work to a whole-school audience
- The essay represents $\frac{1}{3}$ of the mark for the course

Assessment of the Theory of Knowledge

TOK Assessment 2: The Essay

- Students write the TOK essay in the second year of the Diploma Program.
- They choose their essay from a list of six prescribed essay titles (PTs)
- Essay titles provide them with an overall knowledge question, which they typically explore within the context of two different areas of knowledge
- Good essays include analytical and relevant discussion, supported with original real-life situations, and include a consideration of different perspectives
- The essay represents $\frac{2}{3}$ of the mark for the course

Reflection in EE & TOK

- Both the TOK and the EE promote reflection on the nature of knowledge and on how new knowledge is produced.
- The EE also requires students to reflect on the research process in terms of the skills they acquire and develop.
- EE reflection must be documented on the Reflection on Planning and Progress Form on ManageBac and is explicitly assessed under assessment criterion E (engagement).

The Core: Experiential Learning: Creativity, Activity, Service (CAS)

CREATIVITY

exploring and extending ideas leading to an original or interpretative product or performance

ACTIVITY

physical exertion contributing to a healthy lifestyle

SERVICE

collaborative and reciprocal engagement with the community in response to an authentic need

Need to know:

- Begins on the first day of IB Year 1
- 18 months of consistent engagement in meaningful experiences
- Outside of student academic class time

CAS Components

Students:

- Complete a Project with at least 2 other students that lasts at least 1 month and includes the five CAS stages
- Reflect and record their experiential learning on ManageBac at regular intervals
- Maintain a CAS Portfolio (demonstrate Learning Outcomes). Add photos and video, too.
- Enjoy and celebrate having made a difference in the world

IB Academic Integrity Policy

- All IB students are subject to the regulations contained in the official IBO documents entitled, "Academic Honesty Policy", "General Regulations:Diploma Program" and The Handbook of Procedures for the Diploma Programme. These are available for review on our school website.
- The candidate (student) is ultimately responsible for ensuring that all work submitted for assessment is authentic, with the work or ideas of others fully and correctly acknowledged. <u>Candidates are expected to comply with all internal school deadlines</u>; this is for their own benefit and may allow time for revising work that is of doubtful authorship before the submission of the final version. Academic Honesty (2011)

Statement from the IB about ChatGPT and artificial intelligence in assessment and education.

Students should be aware that the IB does not regard any work produced—even only in part—by such tools, to be their own. Therefore, as with any quote or material from another source, it must be clear that AI-generated text, image or graph included in a piece of work, has been copied from such software. The software must be credited in the body of the text and appropriately referenced in the bibliography. As with current practice, an essay which is predominantly quotes will not get many, if any, marks with an IB mark scheme.

Group 1: Language A - English -Literature (HL)

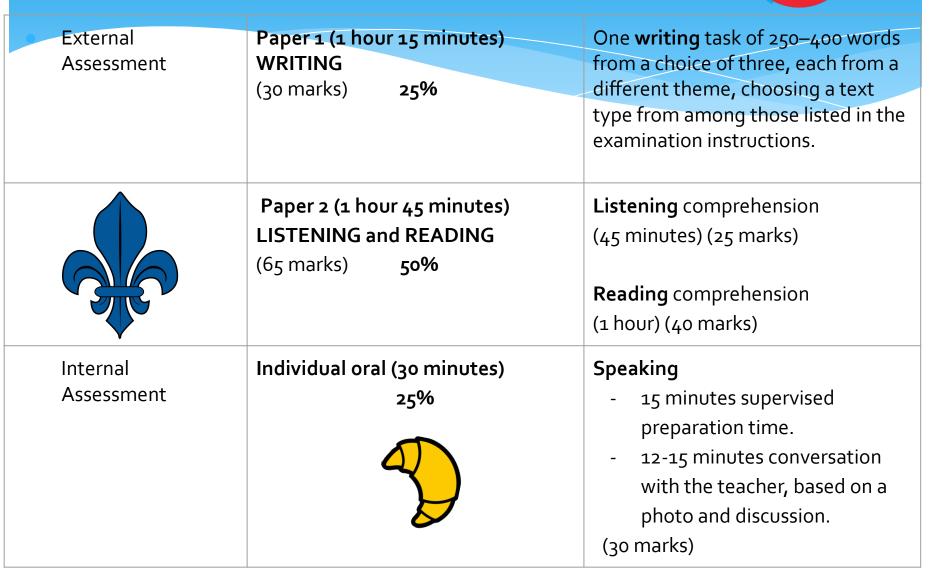

What's great about IB English?

- Great breadth & depth 13 texts over the 2 years (ENG3U7 and ETS4U7 in Year 1, ENG4U7 in Year 2)
- Critical reading of known & unknown texts: Focus on conceptual understanding, time & space/context, intertextuality, global perspectives (numerous texts in translation)
- * Writer's portfolio & reflection
- * Literary theory applied
- * Rich & numerous tasks: essays, oral presentations, media productions, etc. all modeled on IB assessments, using IB rubrics

This component is internally assessed by the teacher and externally moderated by the IB at the end of the course.

Experimental study: A report on an experimental study undertaken by the student (22 marks)

Group 3: History of Europe Assessment (HL)

Internal Assessment (20% of grade)

- Historical investigation on a topic chosen by the student
- Integrates the skills used by historians in their academic study

External Assessment (80% of grade)

- Three papers over two days
- Evaluate knowledge and understanding of the curriculum material, analysis and synthesis of themes and sources
- Comprised of primary source document analysis and essay topics

Group 4: Biology Assessment (SL)

Internal Assessment

(20% of grade)

- Design, carry out and interpret the results of a scientific investigation
- Use relevant and current lab equipment and technologies

External Assessment

(80% of grade)

- Two papers over two days
- Evaluate knowledge and understanding of the curriculum material
- Cells, biochemistry, genetics, ecology, evolution, human health and physiology

Group 4: Physics Assessment (SL)

Internal Assessment (20% of grade)

- An open-ended scientific investigation
- Students gather and analyse data in order to answer their own research question
- Assessed through the form of a written report

External Assessment (80% of grade)

- Two 1.5-hour papers over two days
- **Paper 1:** 36% of grade, multiple-choice and data-based questions
- Paper 2: 44% of grade, short-answer and extended response questions

Group 5: Mathematics

Assessment (Analysis and Approaches SL)

Internal Assessment (20% of grade)

- A mathematical exploration
- Students investigate and explore an area of mathematics of interest to them
- Assessed through the form of a written report

External Assessment (80% of grade)

- Two 1.5-hour papers over two days
- Paper 1: 40% of grade, short-response and extended-response questions, <u>calculators not permitted</u>
- Paper 2: 40% of grade, short-response and extended-response questions, graphic display calculator (GDC) required

Group 6: Film (HL)

External Assessment

Comparative study of Two Films (20%) Due November, 2023

- 1. A recorded multimedia comparative study (10 minutes maximum).
- 2. A list of all sources used.

Textual Analysis (20%) Due January, 2024

a written analysis of a prescribed film text (1,750 words maximum) and a list of all sources used.

Group 6: Film (HL)

Internal Assessment

Collaborative film project (35%) Due March, 2024

Bringing together all they have encountered during the film course, students work collaboratively i

n a core production team to plan and create an original completed film.

Students submit the following.

- 1. A completed film (7 minutes maximum).
- 2. A project report (2,000 words maximum) and a list of all sources used.

Film portfolio (25%) Due April, 2024

Students undertake a variety of film-making exercises in three film production roles,

led by clearly defined filmmaker intentions.

Students submit the following.

- 1. Portfolio pages (9 pages maximum: 3 pages maximum per film production role) and a list of all sources used.
- 2. A film reel (9 minutes maximum: 3 minutes maximum per film production role, including one completed film).

University Recognition of IB

- The IB Diploma is widely recognized by the world's leading universities
- Most universities grant transfer credits for HL courses where students score Level 5 or above
- OUAC asks if students are IB Diploma Candidates
- Start thinking about universities now, <u>www.electronicinfo.ca</u> or myblueprint.ca/tdsb
- IB Diploma students learn the skills, work habits, time-management, and balance necessary for success in university.

OSSD Credits Earned

- IB students will earn a total of 33 OSSD credits
- 10-11 will be at the 4M/4U level
- For Ontario Universities: Average of 6 best 4M/4U credits (taking English and prerequisites into account) will be used for admissions

IB Diploma Assessment Overview

Each IB Course is graded from levels

- 6 IB Courses (6 x 7)......42 points
- Total Maximum Score....45 points

Every IB Course has

- Internal Assessments(IA) and
- External Assessments/Exams (EA)
- Teachers model their classroom assessments and assignments on the IB assessments
