OTIP Teaching Awards 2020: Nominations are open

The Ontario Teachers Insurance Plan (OTIP) and the Ontario Teachers' Federation (OTF) are proud sponsors of the OTIP Teaching Awards.

For many years, these awards have recognized the excellence of our teachers in publicly funded education. There are three categories of awards: elementary school teacher, secondary school teacher and beginning teacher in the first five years of teaching. A teacher may be nominated by anyone – professional colleagues, students, parents, or the general public.

Nominations are now open for the 2020 awards. The deadline for receipt of nominations is March 31, 2020. Further information is provided at www.teachingawards.ca.

Kindergarten Registration

Registration for all TDSB Kindergarten programs begins in February. Families will continue to have the option of registering their child in-person at school or beginning the registration process via online registration (OLR) at www.tdsb.on.ca/kindergarten. Regardless of which process caregivers select, they will be required to visit the local school to validate registration information. See the attached outline of materials available to Principals to prepare for Kindergarten Registration. All Kindergarten registration materials and advertising will be posted on the Principals' site:

Bag2School Fundraiser

Eco-club is collecting textiles (clothing, footwear, towels, bedding, handbags, and backpacks). We will be collecting items from January 13 to January 30th, 2020. These items go to a program called Bag2School. This company makes a donation of \$150 to the school for every tonne collected. Help us raise some money for our Ecoclub as well as avoid putting usable recyclable things into the landfill. Items that are stained and ripped can still be donated. They will be recycled into something else.

NO NUT PRODUCTS AT SCHOOL PLEASE!

Parents, our teachers are continuously confiscating products that contain nuts from our students. Under NO circumstances are NUTS or Peanut products to enter our school. Many of the chocolate treats that students are given contain nuts. We have our snacks inside our classrooms before or after recess, so we do monitor what students eat, and ensure that sharing of food does not happen. However, children who bring products that are not permitted in school are putting students and staff with severe nut allergies at risk. There are many school safe products that are available to your children for snacks.

Your cooperation is greatly appreciated.

SNOW BOOTS/WATERPROOF BOOTS

We continue to have many students come to school wearing their running shoes. Although we recognize that there is no snow at this time, the ground is still wet and muddy, and snow can happen at any time. For this reason, students must be appropriately dressed for the weather and should be wearing waterproof boots.
