COURSE DESCRIPTION:

This course introduces students to advanced accounting principles that will prepare them for post-secondary studies in business. Students will learn about financial statements for various forms of business ownership and how those statements are interpreted in making business decisions. This course expands students' knowledge of sources of financing, further develops accounting methods for assets, and introduces accounting for partnerships and corporations.

CURRICULUM STRANDS (UNITS) and OVERALL EXPECTATIONS:

By the end of this course, students will:

The Accounting Cycle

- demonstrate an understanding of accounting principles and practices;
- demonstrate an understanding of the accounting cycle in a computerized environment for a service business and a merchandising business;
- demonstrate an understanding of ethics and issues in accounting.

Accounting Practices for Assets

- demonstrate an understanding of accounting procedures for short-term assets;
- analyze accounting procedures for inventories;
- demonstrate an understanding of methods of accounting for capital assets.

CURRICULUM STRANDS (UNITS) and OVERALL EXPECTATIONS: (continued)

Partnerships and Corporations

- demonstrate an understanding of accounting in partnerships;
- demonstrate an understanding of accounting in corporations.

Financial Analysis and Decision Making

- compare methods of financing;
- explain and interpret a corporation’s annual report;
- use financial analysis techniques to analyze accounting data for decision-making purposes.

Assessment and Evaluation

Assessment and Evaluation are based on the expectations and levels of achievement outlined in the provincial curriculum document for each subject. A wide range of assessment and evaluation opportunities allows students to demonstrate their learning in a variety of ways. This information provides the basis for reporting student grades on the Provincial Report Card. A final mark will be calculated using the following categories or strands.

70% Course Evaluation (based on the following % breakdown of categories/strands):

All four achievement categories/strands do not need to be evaluated in each evaluation task.
