Mondays 3:15 to 4:30 – Sep-16 to Oct-28 (6 weeks) – \$201.50 +HST

Multi-Sport
Kindergarten

During games, our encouraging instructors place emphasis on participation and sportsmanship. We play hard, but winning and losing take a backseat to fair play and teamwork.

Science
Grades 1-3

Whether observing bubbles to understand surface tension, or visualizing how sound waves reverberate using lengths of string, we unravel complex concepts with fun and illustrative weekly experiments.

Drama
Grades 1-3

Through a variety of exercises in voice, movement, and expression, our students develop the tools to express their unique performance abilities—often unlocking skills they didn't even know they had.

Basketball
Grades 4-6

From dribbling to shooting to ball movement, our coaches provide comprehensive training in all aspects of the sport. Students gain confidence and proficiency as they take their game to new heights.

Wednesdays 3:15 to 4:35 – Sep-18 to Oct-30 (7 weeks) – \$234.25 +HST

Crafting
Kindergarten

Our program teaches a variety of activities that are useful, creative, and fun. With weekly projects in knitting, paper quilting, embroidery, and more, students build a host of new crafting skills.

Martial Arts
Grades 1-3

With a focus on defensive Karate Martial Arts, our coaches use basic movement forms together with improv-based activities to guide students in applying the forms to different scenarios.

Comic Book Art
Grades 1-4

With an eye to creating expressive dialogue and descriptive visuals, we aim for each student to complete their own original comic book—so clear some space on your bookshelves!

EVERYONE IS WELCOME
Every child is able to participate in our programs, regardless of a family's economic circumstances. If cost is a barrier, parents may register their children and pay less, or even nothing, with no questions asked. Our programs are for everyone.

Martial Arts

Kindergarten

With a focus on defensive Karate Martial Arts, our coaches use basic movement forms together with improv-based activities to guide students in applying the forms to different scenarios.

Science

Grades 1-3

Whether observing bubbles to understand surface tension, or visualizing how sound waves reverberate using lengths of string, we unravel complex concepts with fun and illustrative weekly experiments.

Magic

Grades 1-3

The tricks our magicians teach require no special equipment. They are easily performed with everyday household items so that participants can recreate their burgeoning magic acts to dazzle friends and family.

Pickleball

Grades 4-6

From paddle control to shot accuracy, our coaches offer comprehensive training in all aspects of the sport. Participants boost their confidence and proficiency as they elevate their game.

Wednesdays 3:15 to 4:30 – Nov-6 to Dec-18 (7 weeks) – \$235.25 +HST

LEGO

Kindergarten

The Lego we all love becomes the tool for budding engineers. In this club each week students build functional machines with regular lego: a crane that lifts, a catapults that catapults and more!

Multi-Sport

Grades 1-3

During games, our encouraging instructors place emphasis on participation and sportsmanship. We play hard, but winning and losing take a backseat to fair play and teamwork.

Piano

Grades 1-3

Make music on day one! Using keyboards provided by Extra Ed, students learn the language and foundations of music through to playing music from scores and by improvisation.
