

myBlueprint Instructions for Grade 12 Students Graduating from SATEC in June 2021

First, congratulations! You are in the final run of your secondary school career. Many of you have applied to university or college and some of you are planning on beginning an apprenticeship, working in the paid labour force or a gap year to refine your goals and next steps.

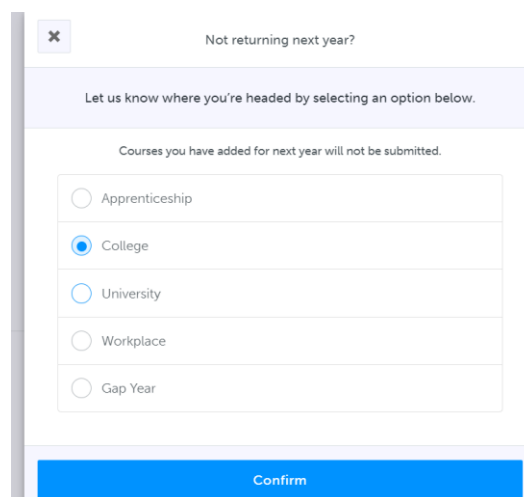

But before you leave us you have one last entry to make in myBlueprint so that you can be released from SATEC to begin your post-secondary journey. **Please complete this task on or before Friday February 12th.**

Steps:

1. Go to www.myblueprint.on.ca/tdsb
2. Click on School Account Log In and log in with your TDSB username and password
3. Scroll down your Home page until you see this:

4. Click on *Not returning next year*. Choose the option that best describes your plans for next year and press *Confirm*.

A screenshot of a dialog box titled 'Not returning next year?'. The dialog box has a close button (X) in the top left corner. The main text says 'Let us know where you're headed by selecting an option below.' Below this, there's a warning: 'Courses you have added for next year will not be submitted.' There are five radio button options: 'Apprenticeship', 'College' (which is selected), 'University', 'Workplace', and 'Gap Year'. At the bottom of the dialog box is a blue 'Confirm' button.

5. Complete the Grade 12 Exit Survey (optional)

That's it! You are finished. Thank you.
