

SCAS Adaptive (In-person & Virtual) 4-day cycle Timetable Model

EdVance Staff and Students

We will follow the 4-day cycle. Each day teachers will be in front of students (in-person & virtual) for 4 hours as they always have been. EdVance students would take periods 1 and 2 only. EdVance teachers would continue to teach two out of three periods and have their prep in period 3. (Lunch is 60 minutes between 12:30-1:30.)

*in the Virtual Model, Cohorts A&B are merged into A cohort. E.g. 4A 4&4B = 4A

How to understand the 4 day **EdVance timetable**:

- The School on a 4 day rotation schedule.
- One class in the morning at school and two at home in the afternoon.
- There are four pieces how a class period is created. 1) Course Name 2) Class Number 3) Cohort and 4) Classroom Number or Home or Online e.g. 1) Course Name: ENG1D1, 2) Class Number: 4, 5 or 6) Cohort: A or B or A/B and 4) Classroom Number or Home or Online.
- In-Classes of 30 Students would be divided into 2 cohorts of 15 each (e.g. 4A, 4B or 5A,5B). Classes 4AB and 5AB have the opportunity to go online if mutually requested or other circumstances. Where as cohorts 6A & 6B are only online.
- Essentially, In-Class Students, stay in the same classroom all morning learning one subject for 3 hours (one cohort of one class).
- Each day, in the afternoon, there is a synchronous (online) learning opportunity for 1 hour). The entire class of both cohorts A & B meet via Google Meet.
- When everything put to gather the course timetabled looks similar to in this Morning: ENG1D1-4A Rm 123 or in the Afternoon: ENG1D1-4A/4B AT HOME
- On the school days that a subject class of students are not in school, the teacher would assign work for those students to complete at home. The Google classroom or Brightspace platform would reinforce and remind students of this work.
