What do they do?

Financial planners develop personal financial plans for clients covering cash management, finances, insurance coverage, investments, retirement and estate planning, taxes, and legal matters. They analyze clients' financial records, set goals, develop a financial strategy, and advise clients on implementing the financial plan to help them achieve their goals. Financial planners may also arrange for the purchase and sale of financial products and investments. Depending on the licence held, they monitor the portfolio to ensure its quality and profitability to help expand business and attract new clients.

Your Top Motivation Factor is

Achievement

What does that mean?

You want the chance to put your skills, knowledge and abilities to the test. You need to feel like you've accomplished something, maybe even something that will stand the test of time.

Overview

Achievement

Primary Motivation Factor

1. Something that has been accomplished, achieved or completed through effort; the result of hard work
2. Successful completion; accomplishment

When you're driven by achievement, you look for ways to feel like you've done something. Whether it's checking something off your to-do list every day or saving the environment, Achievers are motivated by the opportunity to fully engage the use of their unique skills, knowledge and abilities and create a feeling of accomplishment.

[Learn More](#)

Independence

Secondary Motivation Factor

1. Not controlled or influenced by others in matters of opinion, conduct, decisions, etc.; thinking or acting for yourself.
2. Not subject to the authority or control of others; autonomous, free.

Many countries around the world celebrate their independence each year which may indicate how important a thing independence can be. It should come as no surprise that many people highly prize personal independence.
