Outdoor Math Activities with Mr. Kim's Class

Our Gr. 4/5 class took advantage of the warm weather and measured 1 km for our Measurement unit in Math. Using 15m measuring tapes, we started at the foot of the walk path at Huntsmill Blvd. beside our school. 1 km is roughly just past the playground at St. Henry's Catholic School.

Winter Landscapes by Mrs. Weiss' and Mrs. Tanaka's Classes

Mrs. Weiss' and Mrs. Tanaka's class created winter landscape pictures with oil pastels. Then, a super saturated salt solution was 'painted' on top of the drawings. This salt solution dried and formed salt crystals on the papers. This art and science activity were great learning experiences for our students.

Parking Lot

During pick-up and drop-off times, please park your vehicles on the street, as the parking lot is only for our daycare and school staff use. When parents use the parking lot for dropping off students, it not only creates traffic congestion and delaying the staff from entering school building on time, but also contributes to some serious safety concerns as we see children walking through the parking lot. We also ask that the families use the walkways on either side of the parking lot rather than walking through the middle of the parking lot.

Thank you and have a great weekend 😊
