## Skating Parental Permission Form

While at SOES all students will have the opportunity to take part in many unique, educational, and fun activities. During the winter months one of the free time activities they may participate in is skating on the frozen pond near the Main Lodge building. Prior to students skating, permission must be granted by their parents/guardians. You should know that:

- All students will wear a helmet prior to going on the ice;
- They will be dressed appropriately for the weather (including hand protection);
- They will be supervised while on the ice;
- Students are encouraged to bring their own skates and CSA approved hockey helmet (a selection of skates and helmets are available at SOES);
- The thickness of the ice and safety of the pond ice will be thoroughly checked by SOES staff prior to anyone being allowed on to skate.
