## Learning Highlights

This week several classes learned about epilepsy as Thursday was World Epilepsy Day. Students asked some great questions and learned about how to support those affected by epilepsy.

**Earth Hour** This afternoon we powered down our devices and turned off all unnecessary lights to observe earth hour. The theme this year is “Our Power, Our Planet” This is the beginning of learning about how we can reduce our carbon footprint and take better care of our planet as this learning will continue through to Earth Day on April 22.

**JK Registration** - If you have registered your child online for Junior kindergarten and we haven't called you to book an in-person registration time, please call the school office to let us know.

**Parent Council Update** - Parent Council would like to share that, unfortunately, there will not be a Fun Fair this spring. Despite our best efforts, we were unable to find a volunteer to take on the lead role in organizing the event.

On a positive note, we will be hosting a few smaller fundraisers throughout the rest of the year to continue supporting our school community, so stay tuned for upcoming events and opportunities!

 We're excited to introduce something new this year: **Sunnylea Dance-a-thon!** 

Interested in helping out? Please reach out to Loriann & Jenni at [executivesunnyleasc@gmail.com](mailto:executivesunnyleasc@gmail.com)

We are also looking for any parents who are DJs (or have DJ experience) and would be willing to help bring the music and energy to the Dance-a-thon—if that's you, we'd love to hear from you!

Thank you for your continued support!

**Parent Workshops** - The Child Development Institute offers a variety of parent workshops and some may be of interest to you.

Here is a link to see some of the workshops they offer:
