### Jump Rope for Heart

This afternoon our students participated in our annual Jump Rope for Heart Fundraiser. We finally had some seasonal weather and it was a perfect day to get out and jump for a good cause! THANK YOU for your donations. We surpassed our goal of \$2000 and as of now, Sunnylea raised \$ 2115.00! If you would still like to donate to the heart and stroke foundation, here is the link to our school page: <https://jumpropeforheart.crowdfunder.ca/118029>

## Sprout Circus/Cooksmart

Students enjoyed participating in the various cooksmart sessions on Tuesday which included planting, snack preparation, science activities, learning about composting and more. Students also learned about indigenous plants and the 3 sisters were planted in our new planters beside the portable. A huge thank you to our parent council and your fundraising dollars to be able to bring this program into Sunnylea. It was great hands-on learning for our students.

## Soil for Planters

We have quite a bit of soil left from our planting activities on Tuesday. The bags are out beside the portable near our new planters. If you are doing any gardening this weekend and need soil, please feel free to drop by the yard and fill your wheelbarrow or bucket.

## Parent Volunteer Appreciation - We hope you can make it!

## EQAO Reminders

Please be reminded that we have EQAO coming up for our Grade 3 students from June 2-4. It is important that students arrive each day on time and eat a healthy breakfast prior to coming to school. Please avoid making any medical appointments or other plans during the school day during this time. Thanks for your support!
