NEW - AED Machine at Sunnylea

We now have an AED (Automated External Defibrillator) thanks to our generous parent council. AED machines are not mandatory in schools but many more schools are choosing to have them in case of an emergency. Below is a short training video, should you choose to learn more.

School Yard Etiquette

Now that the warmer weather is here, we know that many families like to stay after school and play on the playground with caregivers. Sunnylea Childcare Centre also uses the yard after school. If your child needs to use the washroom after school, please have them come into the school to use the student washrooms downstairs rather than going outside where there are many other families and children observing. Thank you for helping us to keep our schoolyard comfortable, clean and safe.

Freezie Fridays!

Our first parent council sponsored Freezie Friday was a huge success! Thank you to the parent volunteers who came to help prepare and distribute freezies! The students (and staff) enjoyed the special treat!
