Andrea Chisholm, Principal

Dear Tom Longboat Students and Parents

Bonjour! Starting in Grade 4, students in Grades 4-6 will be receiving 40 minutes of French instruction every day. Students will be exposed to a variety of authentic materials and engage in real-life language activities. Learning French can enhance overall learning skills, expand career opportunities, and promote understanding among cultures.

Learning French as a second or additional language can even help strengthen their first language skills.

We will be starting off the year with basic vocabulary and practice holding simple conversations in French. Students are encouraged to share their French knowledge with their families throughout the year to extend and deepen their learning.

If there are any questions, please contact me via email, at vivi.chui@tdsb.on.ca.

Sincerely

Vivi Chui
