July 7 - August 29, 2025

## Need to find a fun therapeutic summer camp where your child can thrive?

Finding the right summer program for your child can be challenging—many camps lack the structure and support children with autism need to succeed.

Our ABA Summer Camps provide engaging and supportive experiences for children. Led by our experienced team, our themed camps feature structured group activities, sensory-friendly games, and creative projects, helping your child develop social skills, communication skills, emotional regulation skills and build independence.

Camps run in 2-week blocks from Monday to Friday, half-day sessions from 9:00 AM - 12:00 PM or 1:00 PM - 4:00 PM.
