May 30<sup>th</sup>, 2022

Dear Parents, Caregivers & Students,

As we approach the final few weeks of school, I just wanted to ensure that you continue to be kept updated on what is happening here at YMCI.

## Updated Course Marks & Extra Support

Teachers have been asked to provide students with their updated percentage mark by Tuesday, May 31<sup>st</sup>, this is to ensure that students are aware of their most current mark as we head into the last few weeks of class. Most classes will now be working on their end of year summative (an end of year summative is a large assignment or project that is used to assess the degree to which students have learned the material they have been taught throughout the semester).

Students who need extra support to learn course materials and/or complete outstanding assignments will be invited to in-school classes June 21 – June 27. Parents and students will be notified by their teacher if your child is requested to come in for the additional support. All other students will be asked to work asynchronously (independently) from home during this time period. Please note that attendance will be taken daily during these asynchronous days. Teachers will give specific instructions directly to their classes with regard to how attendance will be taken.

## Financial Literacy Workshop

On Wed, May 16<sup>th</sup> the School Council organized an excellent financial literacy workshop aimed at supporting students going onto to post secondary and/or the world of work. Please click on the link to view the recording of this engaging and informative presentation.
